- Foldable handlebar
- Traction batteries 28Ah
- Power per charge: **about 2000m²**

Battery sweepers are a welcome alternative to sweepers with a combustion engine. Noise protection, regulatory or physical handicaps make the search for other options required. We offer a wide range of battery machines that are just as suitable for the private person as for the service provider. Battery-powered devices are offering a number of advantages.

Important arguments are:

- Noise level
- Maintenance-free
- Exhaust-free operation
- No direct carbon emissions
- Instant start key switch
